

GLD[®] Great Light

LITHIUM BATTERY 10w/20w LED WORK LIGHT

● Product Features

1. The lamp adopts die-cast aluminum to improve heat dissipation efficiency, impact resistance, strong shock resistance, beautiful appearance, and suitable for various outdoor and indoor lighting environments;
2. Lithium battery can be recharged repeatedly, no external wire, high personality, high lumen output, high CRI and can be used for various lighting.
3. The foldable adjustable bracket effectively saves storage space and is more convenient to carry. It provides wide-angle light transmission and a large view range, which can meet various lighting needs such as search, maintenance, and rescue;
4. The touch-sensitive style design increases the user experience in terms of details;
5. Multi-function lighting method (strong light + weak light + flashing), can switch according to needs, suitable for alarms and other positions of faulty vehicles;

● Applicable place

Field search, construction site, night fishing, on-board warning, emergency rescue, living supplies, etc

● Parameters

Model	Power(w)	Input voltage	LED ChipType	Light Efficiency	CCT	CRI	Battery capacity	Insulation Class	Size: L*W*H(mm)	IP	Working TEMP	Life
GLD-ST10C	10	100-240/50/60Hz	OSRAM /PHILIPS3030	100Lm/w	6000K	>70&80	2400mAH	Class III	217*181*35	IP63	-20°C~ + 45°C	50000H
GLD-ST20C	20	100-240/50/60Hz	OSRAM /PHILIPS3030	100Lm/w	6000K	>70&80	4400mAH	Class III	267*229*38	IP63	-20°C~ + 45°C	50000H

● Points to note

1. Please use the correct power supply
2. The use of voltage can not exceed the specified range
3. Please read the product installation manual carefully before using
